From the Principal's Desk

Smt. Sutapa Mukhopadhyay

Teacher-in-charge

At Kishore Bharati Bhagani Nivedita College, it is our constant endeavor to create an educational environment which combines the best features of mass education and the resources of quality teaching in the major streams of undergraduate studies within the curricular framework of Calcutta University.

Our undergraduate agenda is both broad and flexible, stimulating profound thinking and opening up new horizons in minds of our students. We strive to inculcate skills and knowledge such that our students can respond to changes and challenges of a technologically driven world. We have a dedicated faculty and a devoted administrative staff, committed to the goal of sustaining academic excellence in our college.

It is not learning alone which we focus upon. We are always striving for imparting holistic education to our students. Thus, presentation by distinguished guests, cultural programmes and sports are some of the avenues, where our teachers and students come together, providing opportunities to the latter to acquire knowledge beyond boundaries of books and lectures.

We invite you to find out more about our college and programmes on the pages that follow and welcome any suggestion and queries that you may have.

HISTORY AND OBJECTIVES

Kishore Bharati Bhagini Nivedita College (Co-Ed), previously known as Kishore Bharati Bhagini Nivedita Girls' College was founded in the year 2001, with the twin objectives of imparting quality instruction in conventional subjects in Arts, Science and Commerce and to continuously update itself by introducing new types of subjects to keep pace with the change in higher education pattern in the state in view of the new scenario of industrialisation with the emergence of new technology with resultant demand for young men with new generation education back ground.

PERSPECTIVE : PRESENT AND FUTURE

The college has progressed rapidly by proper utilisation of the available resources provided by the faculty members and non-teaching staff of the college under clean and transparent administration of the Governing Body and is doing a remarkable job by providing quality teaching to the students. The university examination results bear ample testimony to this academic success. The cordial relation that exists between students and staff, both teaching and non-teaching, contributes to this glorious achievement.

The college is too young to have glorious annals to recount but a bright future for it is pledged to be created. With the grants from Government and the other available sources forthcoming, the aggressive phase of growth of the college will continue. The library is provided with adequate number of books, the laboratories are properly equipped, the class rooms are sufficiently furnished and various facilities are made available to the students. Construction of the incomplete portion of the college building as also its expansion to cope with the increasing number of student intake has been undertaken. Soon the entire college will assume a new look exuding the glow of wellbeing and development. This is not an idle imagination but a reality which the present college authority is determined to materialise.

AMBIENCE

Away from the din and bustle of city the college is located in the quiet locality of Ramkrishna Pally of Behala. It is well connected with Diamond Harbour Road from Behala Tram Depot. by Rickshaw and Auto services. The college is housed in a moderately spacious four-storeyed building. The adjoining area is predominantly inhabited by peace loving middle class people. There are some educational institutes in its vicinity. Thus the location is ideally suited for an institution of higher learning.
