## HISTORY AND OBJECTIVES

Kishore Bharati Bhagini Nivedita College (Co-Ed), previously known as Kishore Bharati Bhagini Nivedita Girls' College was founded in the year 2001, with the twin objectives of imparting quality instruction in conventional subjects in Arts, Science and Commerce and to continuously update itself by introducing new types of subjects to keep pace with the change in higher education pattern in the state in view of the new scenario of industrialisation with the emergence of new technology with resultant demand for young men with new generation education back ground.

## PERSPECTIVE : PRESENT AND FUTURE

The college has progressed rapidly by proper utilisation of the available resources provided by the faculty members and non-teaching staff of the college. Under the clean and transparent administration of the Governing Body, the college is doing a remarkable job by providing quality teaching to the students. The university examination results bear ample testimony to this academic success. The cordial relation that exists between students and staff, both teaching and non-teaching, contributes to this glorious achievement.

The college, though young, has ample possibility to create a glorious future. With forthcoming grants from the Government and the other available sources the college is continuously progressing in myriad aspects. Besides various intradepartmental and interdepartmental seminars and cultural competitions, the college hosts excursions (both in science and humanities departments), cultural programmes like celebration of 'Bhasha Dibas', 'Rabindra Jayanti', Annual Sports, Social etc. There are awareness campaigns related to different issues, blood donation camps and afforestation drives organised regularly by the college in collaboration with other social platforms.

The library is provided with adequate number of books, the laboratories are properly equipped, the class rooms are sufficiently furnished and various facilities are made available to the students. Construction of the incomplete portion of the college building as also its expansion to cope with the increasing number of student intake is being undertaken. In fact the entire college has assumed a new look exuding the glow of wellbeing and development. This is not an idle imagination but a reality which the present college authority is determined to materialise.

## AMBIENCE

Away from the din and bustle of city the college is located in the quiet locality Pally of Behala. It is well connected with Diamond Harbour Road from Behala Tram Depot. by Rickshaw and Auto services. The college is housed in a moderately spacious four-storeyed building. The adjoining area is predominantly inhabited by peace-loving middle class people. There are some educational institutes in its vicinity. Thus the location is ideally suited for an institution of higher learning.

Our college has a unit of the National Service Scheme (NSS), which employs student volunteers in various community related programmes in and around college campus.

## Parent-Teacher Meetings

In keeping with the academic rigour demanded by undergraduate education, all departments in the college conduct meetings between teachers and parents at periodic intervals. As per the institutional calendar, these parent-teacher meetings happen twice in the first year of admission – viz. after the college mid-term examinations and subsequently, following the publication of pre-university Test results.

The meetings are notified well in advance and are meant as deliberative spaces between all teachers in the department and guardians/parents of students. Not only do teachers discuss the individual performance of students and suggest means of improving the same, but the meetings are also intended to be a feedback mechanism through which the anxieties and concerns of students may be addressed. Also, through a periodic review of each student's academic progress over classroom exercises, class tests and college-level examinations, the meetings are effectively a means of understanding the particular problem-areas of every individual student. In this, such spaces of interpersonal engagement and discussion can also become instruments of counselling students with regard to their future possibilities, strengths and focus. Since much suggestion is made in terms of general academic requirements for undergraduate study, the parent-teacher meetings in college are a platform for both one-to-one as well as collective mobilisations of student potential. Also, there are attempts to address the divergent social backgrounds of students through specific remedial arrangements within the college.

Understandably, the parent-teacher meetings have occasioned a lot of interest and earnest engagement over time – thus translating into real improvements of student performance.

## Career Counselling

The college is considerably attentive to the career concerns of the students. Since the bachelor's degree is the minimum requirement for a huge variety of professional engagements and an entrance into many career-oriented courses, the college authorities, in collaboration with the students' union and other units like NSS, arrange regular career counselling sessions. We try and arrange both in-house counselling and often invite career counselling professionals, ranging from members of vocational training institutes to industrial personnel and people associated with academic career choices.

The college has its own Football and Cricket teams (currently for men) which regularly participate and win laurels at the Inter-College Sports Tournaments organised by the University of Calcutta, Government of West Bengal (District Level) and the Kolkata Police. Furthermore, both male and female athletes from the college participate in these tournaments as well.

Within the college premises, there are indoor gaming infrastructures that enable students to heave a sigh of relief in the intervals between classes and curricular responsibilities.

### Prize distribution ceremony in Kishore Bharati Bhagini Nivedita College (Co-Ed)

The annual prize distribution in Kishore Bharati Bhagini Nivedita College (Co-ed) takes place amidst a lot of fun and ceremony. Usually it coincides with the Annual Social where the newcomers can also cheer for their successful seniors and get inspired to perform well themselves. Sometimes when all the results are not published before the Socials, there is usually a separate Prize distribution ceremony which is also made special by organising intra-college cultural competition where students-participation is rather impressive. Prizes are also given out for competitions like Singing, Dancing, Extempore, Debate, Recitation, etc. which take place then.

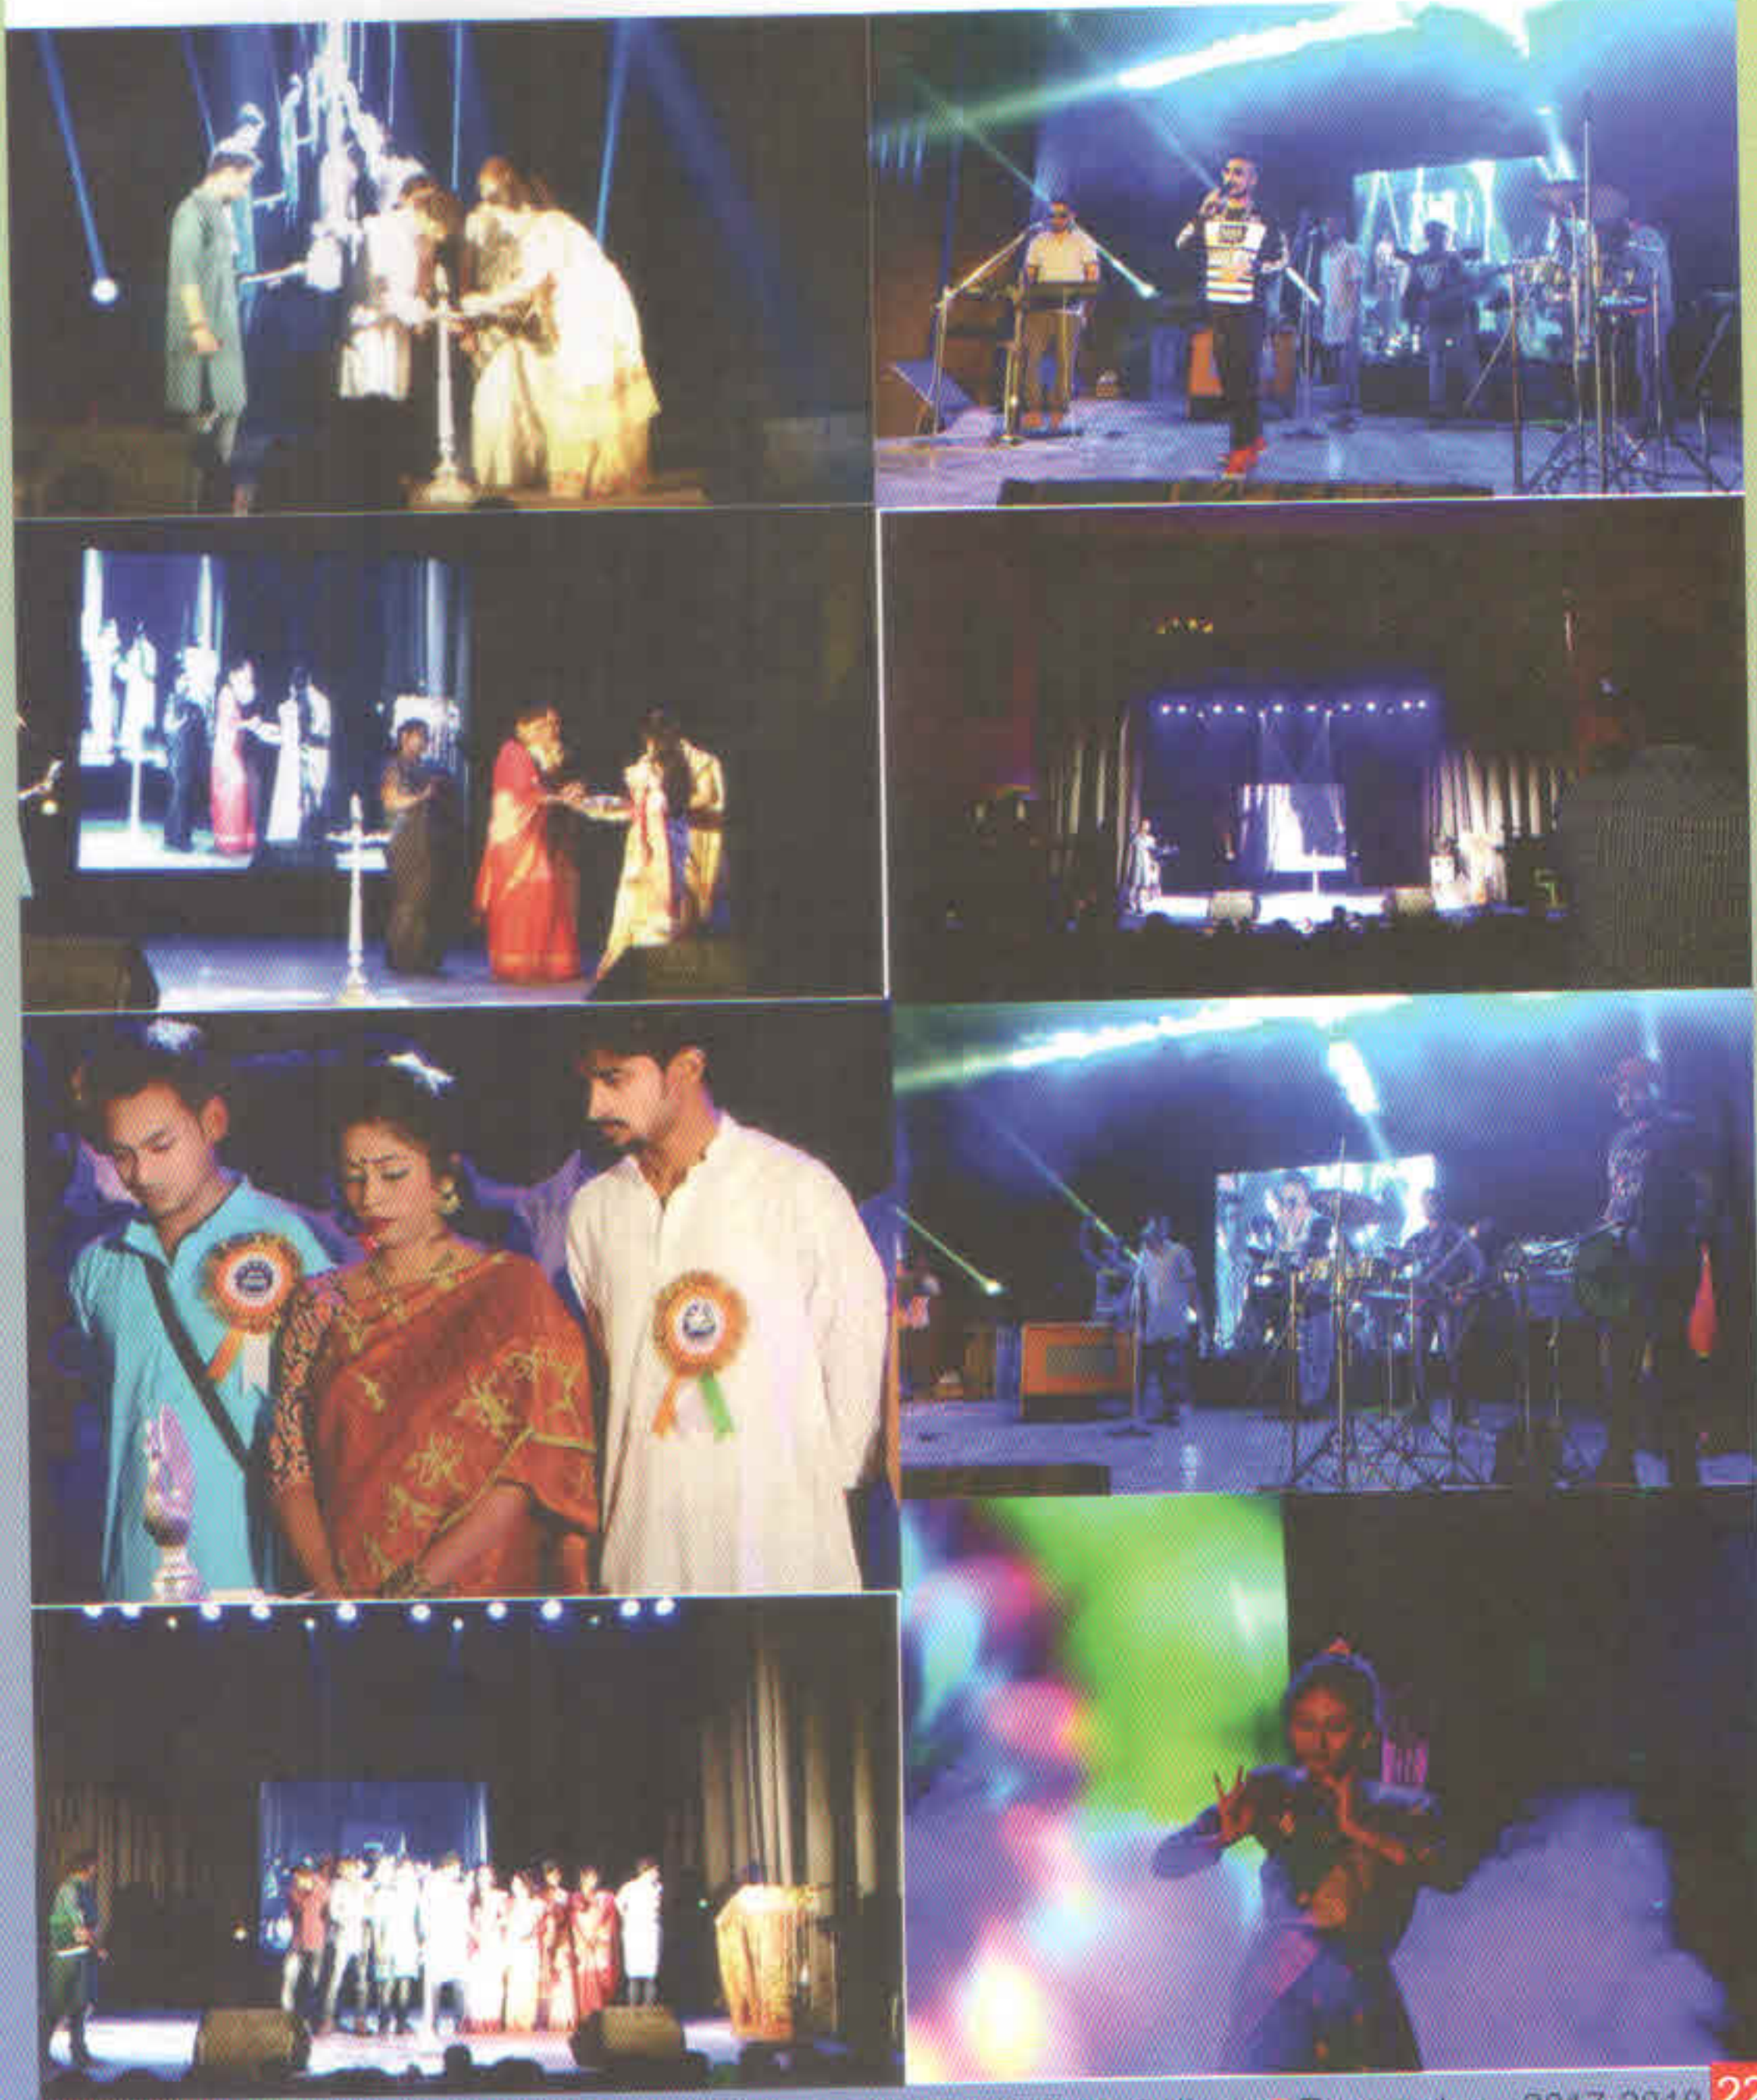

The prizes comprise books specifically selected and bought by the teachers themselves after careful consideration and deliberation. It includes a healthy array of fiction and non-fictional books. Among fiction, classics and contemporary literature are found in healthy measures. Non-fiction includes dictionaries and encyclopaedias mostly. The students cherish these tokens of their success. The student or students with the highest marks in each subject, of all the three years of undergraduate courses, in all the three streams are awarded for their endeavour.

### College Socials :

The College Socials are awaited all year long and the winter backdrop is just perfect for the mega events that are organised. The students of all years wait for this occasion to let their hair down. However, the teachers also attend the Socials with a gusto and it is a joyous occasion for one and all.
