# PROSPECTUS

2019-20

*The college is too young to have glorious annals to recount but a bright future for it is pledged to be created. With the grants from Government and the other available sources forthcoming, the aggressive phase of growth of the college will continue.*

## FOUNDER

Lt. Subhas Sarkar

( 11/12/1928 – 26/10/2011 )

### ➤ HISTORY AND OBJECTIVES

*Kishore Bharati Bhagini Nivedita College (Co-Ed), previously known as Kishore Bharati Bhagini Nivedita Girls' College was founded in the year 2001 with the objective of imparting quality education in subjects under Arts, Science and Commerce stream. We are continuously upgrading by introducing new subjects to keep pace with the change in higher education pattern in the state. This is in view of the new scenario of industrialisation along with the emergence of new technology with resultant demand for young men and women with new generation education background.*

### ➤ PERSPECTIVE: PRESENT AND FUTURE

*The college at present is running under financial constraint but by proper utilisation of the available resources the faculty members with the help of non-teaching staff of the college under the clean and transparent administration of the Governing Body are doing a remarkable job by providing quality teaching to the students. The cordial relation that exists between students and staff, both teaching and non-teaching, contributes to this glorious achievement.*

*The college is too young to have glorious annals to recount but a bright future for it is pledged to be created. The present financial condition will not last long. With the grants from Government and the other available sources in forthcoming days, the aggressive phase of growth of the college will set in. The library will be provided with adequate number of books, the laboratories will be properly equipped, the class rooms will be sufficiently furnished and various facilities will be made available to the students. The construction of the incomplete portion of the college building as well as its expansion to cope with the increasing number of student intake will be undertaken. In fact the entire college will assume a new look exuding the glow of wellbeing and development. This is not an idle imagination but a reality which the present college authority is determined to materialise.*

### ➤ AMBIENCE

*Away from the din and bustle of city the college is located in the quiet locality of Ramkrishna Pally of Behala. It is well connected with Diamond Harbour Road from Behala Tram Depot. by rickshaw and auto services. The college is housed in a moderately spacious four-storied building. The adjoining area is predominantly inhabited by peace loving middle class people. There are some educational institutes in its vicinity. Thus the location is ideally suited to an institution of higher learning.*

## PARENTS TEACHERS MEETING

In keeping with the academic rigour demanded by undergraduate education, all departments in the college conduct meetings between teachers and parents at periodic intervals. As per the institutional calendar, these parent-teacher meetings happen twice in the first year of admission - viz. after the college mid-term examinations and subsequently, following the publication of pre-university Test results.

The meetings are notified well in advance and are meant as deliberative spaces between all teachers in the department and guardians/parents of students. Not only do teachers discuss the individual performance of students and suggest means of improving the same, but the meetings are also intended to be a feedback mechanism through which the anxieties and concerns of students may be addressed. Also, through a periodic review of each student's academic progress over classroom exercises, class tests and college level examinations, the meetings are effectively a means of understanding the particular problem-areas of every individual student. In this, such spaces of interpersonal engagement and discussion can also become instruments of counselling students with regard to their future possibilities, strengths and focus. Since much suggestion is made in terms of general academic requirements for undergraduate study, the parent-teacher meetings in college are a platform for both one-to-one as well as collective mobilisations of student potential. Also, there are attempts to address the divergent social backgrounds of students through specific remedial arrangements with the college.

Understandingly, the parent-teacher meeting have occasioned a lot of earnest engagement over time and thus translating into real improvement of students' performance.

Our institution responds with full fervour to these occasions. Saraswati puja is celebrated with pomp and colour owing to great enthusiasm, dedication and hard work along with active participation of teachers and non-teaching staff. The puja room is decorated beautifully exuding both aesthetic finesse and a sense of social awareness. The celebration enjoys coverage in print and electronic media. The enthusiastic participation of students in the Iftar party, arranged after the classes are over, instantiates the rejuvenating power of youth. On the twenty-eighth day of the Ramzan month the students congregate to namaz and the feast generates happiness and healthy human bonding. The ties of unity gets tighter in the occasion of Rakhi utsav as our students apart from tying rakhis within the college campus walk in a rally distributing rakhi and sweets in and around the locality envisaging a possibility of pan universal bonding across all boundaries.
