*Indian Museum was founded in 1814 at the cradle of the Asiatic Society of Bengal. Indian Museum is the earliest and the largest multipurpose Museum not only in the Indian Subcontinent but also in the Adia-Pacific region of the world.*

*Museums collect & preserve our objects and materials of religious, cultural & historical value. They are a good source of entertainment. These museums help to preserve & promote our cultural heritage. The museum is a storehouse of old artifacts, sculptures, objects & history.*

*Students of the Education Department came to know about the facts, and history, and learn about diverse cultures. They also learn about distinct creative works. They were enriched in learning of various fields, gain experiences in a new environment, & gathered knowledge about a wide range of topics. They were taken to Indian Museum by Bus which was booked for the day. Snacks and lunch were provided to the students. Students had a knowledge of history, the past, and the restoration procedure. Students were excited to see the skeleton of animals of the long past. They noted down everything they saw and even took snaps of a few important things.*

*My heartiest thanks to our Principal Sir. Dr. Shib Sankar Sana for giving us the opportunity to conduct such a wonderful educational tour.*
