Background

Kishore Bharati Bhagini Nivedita College (Co-Ed.), previously known as Kishore Bharati Bhagini Nivedita Girls' College, was founded in the year 2001 with the objective of imparting quality education in subjects under the Arts, Science and Commerce stream. Though our college enjoys an urban locale, most of our students come from relatively remote suburbs and rural areas and a considerable number of students are first generation learners. An inclusive educational programme being the motto, we accommodate large numbers of students belonging to SC, ST, OBC and Minority community. We are functioning continuously to upgrade our service by introducing new subjects and teaching methods in order to keep pace with the changing pattern of higher education in our state and country. We are constantly working to integrate our system with the emergent latest methodologies and application of technologies in higher education.

Vision

The vision of any institution contains the ideological framework within which it designs its performance to achieve its idealistic crux. The primary vision of our college is to create an environment which facilitates an education system ensuring quality and quantitative resources for the students to enable them to tackle the changes and challenges of the technology driven world along with the proliferating possibilities of academia. The educators being the facilitators, we always put our effort to promote each student to build up his or her own identity in the special field of interest. It is quite natural that all students do not have the equal amount of capacity or same kind of talent, and therefore, each one is capable of attaining success in a different way. We grip fairness and liability through measurable learning outcomes, ethical data-driven decisions and student achievement. It has been our constant concern to beat this urge by getting students and teachers to work collectively to serve the cause of education in particular, and holistic humane development in general, for the betterment of the coming generation so that they live in a world "Where the mind is without fear and ... knowledge is free". We regularly organise seminars/webinars, workshops, environmental awareness programmes, cultural programmes, health programmes, NSS camps, educational excursions, career counselling sessions, sports and other co-curricular activities for students to acquire knowledge beyond the boundaries of undergraduate curriculum. Our college also provides various innovative educational opportunities and student support services to assist students in their successful completion of three years undergraduate degrees of specific curriculum designed by the University of Calcutta. The college has already started putting its plan into action in near future of introducing vocational courses which would be a significant move forward in this path and bring out positive result. In spite of limited financial resources and inadequate building capacity (6300 sq. feet), the college offers 14 undergraduate programs of B.A., B.Sc. and B.Com.

However, presently "Mere anarchy is let loose everywhere" (W. B. Yeats). The world-wide pandemic appeared to have stopped the flow of time itself. Yet with the basic humane instinct to struggle against and survive all odds, we gradually learned to cope up with the new normal situation. We introduced extensive on-line teaching and intensive academic interaction with our students. It was really a great challenge for us to integrate the students, a huge bulk coming from rural areas, in the latest version educational programme and we tried to overcome the hurdle by various methods like counselling the traumatized lot, learning and teaching newer technological and systems of e learning, arranging webinars to establish contact with other institutions and reach out to people across state and even national borders, to promote the students with cultural inclinations by arranging cultural programmes on E-platforms where teachers participated as co-performers and organizing other activities associated with NSS, NCC, Eco Club etc. However, treading along the digital universe, we never shook our responsibility to minimize the digital divide and tried our best to accommodate maximum possible number of students in various programmes and we shall continue our best effort to this direction. We shall leave no room for any doubt about the fact that the college will scale even better heights in the years to come and serve many more millions in the society.

Aim

Our main objective is to provide a secure, welcoming, accessible environment where all students optimize their academic career and cultural development.

We aim at quality and brilliance in all aspects of teaching, learning, and assessment as well as from corner to corner campus facilities.

We are innovative and creative in our attitude and approach, and encourage these qualities in our students.

We put our effort to create platforms for students to get exposure to various career opportunities.

We labour to develop and nurture democratic collaborative and cooperative sensibilities among our students to train them to become citizens of an inclusive world.

We also aim to inculcate effective and sustainable management of whatever limited resources we have and implement it towards stakeholders of the college.

Mission

The college provides sufficient teachers to offer quality teaching through the development of significant thoughts, successful communication, creativity and cultural consciousness amidst a safe, accessible and inexpensive learning community. We have further plans to offer technological services and support for the students, better infrastructural amenities, greater number of faculties and staff, wider scope for intra and inter college curricular, ideological and cultural exchange and like others.

We dream of a time coming closer to us when the entire college will assume a new look and exude the glow of wellbeing and all-round development by materializing our mission into reality of registering the cordial and collaborative effort of faculty members, the non-teaching staff and the students under the clean, efficient and transparent administration of the college authority. Therefore, our committed labour will be engineered to concretize following promises:

To deliver programs to improve computer literacy, i.e., soft skill enhancement. To introduce job-oriented diploma and bachelor of vocational courses.

To provide financial support to the faculty for research works.

To seek collaboration from all sectors of the college and the community.

To nurture a learning community where the values, goals, and learning styles of all students are accepted and supported by the society.

To make the whole campus a green campus driven by green technology.

To build high standard of integrity and performance to achieve academic as well as professional goals.

To promote and put into practice various NSS schemes to nourish the sense of community living among students.

To mobilize necessary fund with the grants from the government and the other available sources and utilize it to furnish the library with greater number of books and other knowledge resources, to equip the laboratories with more modern infrastructure, to ensure the availability of better classroom facilities, and to complete the reconstruction and expansion of the college building in order to house properly the increasing number of student intake.

Ambience

Away from the din and bustle of city, the college is located in the quiet locality of Ramkrishna Pally of Behala. It is well connected with the Diamond Harbour Road from Behala Tram Depot by rickshaw and auto-rickshaw. The college is housed in a moderately spacious four-storied building. The adjoining area is predominantly inhabited by peace loving middle class people. There are some educational institutes in its vicinity. Thus the location is ideally suited to an institution of higher learning.

Principal's Desk

Dr. Shib Sankar Sana
Principal

At Kishore Bharati Bhagini Nivedita College, it is our constant endeavour to create an educational environment which combines the best features of mass education and the resources of quality teaching in the major streams of undergraduate studies within the curricular framework of Calcutta University.

Our undergraduate agenda is both broad and flexible, stimulating profound thinking and opening up new horizons in minds of our students. We strive to inculcate skills and knowledge so that our students can respond to the changes and challenges of a technologically driven world. We have a dedicated faculty and a devoted administrative staff, committed to the goal of sustaining academic excellence in our college.

It is not learning alone which we focus upon. We are always striving for imparting holistic education to our students. Thus presentation by distinguished guests, cultural programmes and sports are some of the avenues, where our teachers and students come together providing opportunities to the latter to acquire knowledge beyond boundaries of books and lectures.

We invite you to find out more about our college and programmes on the pages that follow and welcome any suggestion and queries that you may have.

Academic Regulations

Regulations relating to Admission and Examinations for the semester-wise Three Year B.A./ B.Sc. (Honours/ General) Courses of Studies under Choice Based Credit System (CBCS) conducted by the University of Calcutta.

In exercise of the powers conferred by Section-54 of The Calcutta University Act 1979, the University of Calcutta hereby makes the following Regulations for Semester-wise 3 year B.A./ B.Sc. (Honours/ General) Courses of Studies under CBCS, 2018.

These shall apply to every candidate pursuing the above Courses in this University.

Notwithstanding anything contained in any other regulations or rules for the time being in force the study for the above Courses shall be guided by these Regulations effective from the Academic Session 2018-2019.

1. Title and Commencement

1.1 These Regulations shall be called THE REGULATIONS FOR SEMESTER-WISE THREE YEAR B.A./ B.Sc./ B.Mus. (Honours/ General) DEGREE PROGRAMMES UNDER CBCS (CHOICE BASED CREDIT SYSTEM), UNIVERSITY OF CALCUTTA.

1.2 These Regulations shall come into force with effect from the academic session 2018-2019.

2. Duration of the Programme

The 3 year B.A./ B.Sc. (Honours/ General) Programme shall be for a minimum duration of six (6) consecutive semesters of six (6) months each, *i.e.*, three (3) years. The odd semester will start ordinarily in the month of July and the even semester in the month of January of every year.

A candidate pursuing a regular course of study for three-year semester-wise degree course shall have to clear all the semesters in all respects within a span of five years from the year of admission to the particular course and combination, failing which enrolment of the candidate shall stand cancelled.

3. Applicability of the Regulations

These regulations shall be applicable to:

- a. The students who are taking admission to the B.A./ B.Sc. (Honours/ General) Course from the academic session 2018-2019.
- b. The students who were admitted in earlier sessions but did not enroll for B.A./ B.Sc. (Honours/ General) Part I Examinations up to 2018.
- c. The students who were admitted in earlier sessions and enrolled for B.A./ B.Sc. (Honours/ General) Part I Examinations but did not appear in Part I Examinations up to 2018.
- d. The students who were admitted in earlier sessions and appeared in B.A./ B.Sc. (Honours/General) Part I Examinations in 2018 or earlier shall continue to be guided by the existing Regulations of Annual System.

I - ADMISSION REGULATIONS

4(a) A candidate who has passed the Higher Secondary (10+2) or its equivalent Examination is eligible to seek admission to the 1st year of the 3 year (six semesters) B.A./ B.Sc. (Honours/ General) Course of Studies provided he/she has also passed in English having full marks not being less than 100 and fulfills the conditions as laid down in Clauses 5, 11, 12 and 13.

Candidates who have passed the Higher Secondary (10+2) Vocational examination conducted by the West Bengal State Council of Vocational Education and Training shall be eligible to seek admission to the B.A. (General) 1st year Course of Studies taking the subjects under Humanities Division only.

However, no candidate shall be allowed admission after a lapse of more than 5 years from the year of passing the previous qualifying examination.

Explanation: The year of admission shall not be taken into account while calculating five years from the year of passing the previous qualifying Examination.

(b) Students who have passed the Higher Secondary (10+2) Examination or its equivalent from the All India Boards/ Councils (*i.e.* CBSE, ISC and National Institute of Open Schooling) need not require to submit Migration Certificate for getting Registration under this University.

5. For the purpose of determining eligibility for admission to the B.A./ B.Sc. (Honours/ General) Courses, aggregate marks shall be calculated by adding the marks in top-four subjects in order of marks secured by a candidate. Marks in compulsory Environmental Education/Studies shall not be taken into account for calculation of aggregate marks. However, if the subject "Environmental Science" is studied as an elective subject of 100 marks, it may be taken into account for the purpose of determining the aggregate marks.

(a) A candidate taking up Honours Course in a subject must have obtained:

I. A minimum of 50% marks in the aggregate and 45% marks in the subject or related subject at the previous qualifying examination

Or

II. 55% marks in the subject or related subject at the previous qualifying examination

Or

III. 50% marks in the aggregate when the candidate has not studied the subject in his/her previous qualifying examination provided all other clauses are satisfied [Candidates shall be admitted on the basis of the Admission Test to be conducted by the College Authority concerned.]

(b) Candidates belonging to Reserved Categories taking up Honours Course of Study must have obtained a minimum of 40% marks in the aggregate or 40% marks in the subject or related subjects at the previous qualifying examination, as the case may be.

(c) Reservation Policy for admission in three year (six semesters) degree courses of studies shall be guided by the West Bengal State Higher Educational Institutions (Reservation in Admission), Act, 2013 and the West Bengal State Higher Educational Institutions (Reservation in Admission) Rules, 2014.

6. Attendance

6.1 A student attending at least 75% of the total number of classes* held shall be allowed to appear at the concerned Semester Examinations subject to fulfilment of other conditions laid down in the regulations.

6.2 A student attending at least 60% but less than 75% of the total number of classes* held shall be allowed to appear at the concerned Semester Examinations subject to the payment of prescribed condonation fees and fulfilment of other conditions laid down in the regulations.

6.3 A student attending less than 60% of the total number of classes* held shall not be allowed to appear at the concerned Semester Examinations and he /she has to pursue admission to the same Semester in the very next year for attending the classes and appearing at the said Semester Examination.

** Such attendance will be calculated from the date of commencement of classes or the date of admission, whichever is later.*

Academic Calendar

The Academic Calendar serves as an information source and planning document for students, faculty, staff and departments, as well as outside organizations. It is to keep students, faculty, and staff reminded of key dates throughout the academic semester and year. The calendar includes registration dates, class start dates, exam dates, celebration of important festivals, heroic day and many more. It can also be useful for prospective students, alumni, and parents as well. Each educational institution creates its own academic calendar with their own defined dates.

The primary reason for having a calendar is to organize the days, weeks, months and years. It keeps a track of which day of the week events fall and when special events are going to happen. Historically speaking calendars were often used to preserve religious holidays and events.

College annual calendar is a representation of planning of college, which is scheduled for whole year. It is a setting of exact college activities which can be done according to appropriate time. During the academic year, college has supposed to do many activities related with scholastic and co-scholastic. To make all the activities possible, it is a need of planning. So annual calendar is a planning for college to do all the college related programs in a particular time.

The official record documenting approved programs, courses, schedule and policies governing the annual academic business of the College for the period beginning July 1st and ending June 30th.

Departmental Profiles

Department of Bengali

The Bengali Department of our college always strives, so that the students can apply their mother tongue, Bangla, with pride and confidence in their workplace, and at the same time we aim to develop their literary sense.

The COVID Pandemic situation continued in 2021- 22, as it was in the previous session. So, we have proceeded with our classes in online and offline method, as per govt. instruction; and at the same time we have organized different seminars and cultural activities, with the aim of widening the outlook of our students.

This session, our Department, with the assistance of the IQAC of our college, organized a webinar on 28th of September, titled 'Shankha-Sango Smarane' and it was in memory of the eminent poet Shankha Ghosh. The speakers of the webinar were Dr. Sohini Ghosh (Associate Professor, Vidyasagar College) and Dr. Shipra Ghosh (Assistant Professor, KBBN College) respectively. The convener of the webinar was Dr. Sudakshina Ghosh, Associate Professor and Head of Bengali Department and Joint Convener was Dr. Nandini Roy, SACT-I. and Smt. Payel Mukherjee, SACT-II. The webinar was attended by students and professors of our college as well as from other colleges.

We celebrated 'Rabindranjanmajayanti' on 19th May; Along with various programmes of students and teachers of the college, professors of the Bengali Department presented a script- 'Chironutanere Dilo Daak', written by Dr. Sudakshina Ghosh.

A Poster-making competition was held on 27th of April on the topic- 'Chiro Unnoto Momo Shir'. We arranged Open Book examination on 18th of May, to improve study habits of our students. In protest of the Russia-Ukraine war, our students have expressed their global awareness by publishing a series of departmental wall magazine.

So, we can say that our department is always thinking of the student's benefit, within its limited resources.

Departmental Activities -

Department of Commerce undertakes academic performance as well as extra curriculum activities in each academic year. Our aim is not only to emphasis the better performance of the students in academic results but also inspires them to reach their target and to meet intellectual and emotional needs. In the session 2020-2021, the department puts effort on development of the students by encouraging them to join in various sports events, cultural events, career counselling, skill development program and teacher exchange program. In the pandemic situation, Online Teaching-Learning Process and other online activities like Two-days International Webinar on " Impact of COVID -19 Pandemic & Lockdown on Industry, Trade & Commerce" followed by paper presentation on both the days, 30th August, 2020 & 31st August, 2020 with 460 participants. The webinar was very satisfactory and successful. Another successful event was Inter-College Online Quiz Competition on " Financial Literacy among College Students" on 26th June, 2021 which was a great achievement for our departments with 300 participants from Colleges of West Bengal as well as from other cities outside West Bengal. Apart from this, the department also arranges the Online Open Book Examination every year and other awareness program from time to time.

Original Papers/Articles are invited for presentation during the webinar. Selected papers may be published in the *India Voice Journal of Finance and Accounting* (ISSN: 2692-1094) and Edited ISBN - Volume after final review.

Department of Education

The education department of Kishore Bharati Bhagini Nivedita College (Co-Ed.) came into existence in the year 2006. Since then the department is committed and proved its excellence in every sphere. In our college, the education as a subject is taught at Honours and General level at all the three years to the **under-graduates**. This provides an opportunity for the students to get acquainted with the concept, nature, scope and importance of education, its philosophical, sociological and psychological foundations, **new trends in education**. The department provides an excellent academic environment for continuous **improvement in the knowledge domain**. It also helps to **develop the youth into a well-groomed, confident personality**, eager to take upcoming challenges. Holistic academic exposure is provided to the students. Apart from that the department encourages students to participate in different activities within and outside the college environments, like - student seminar, seminars, quiz competition, extempore competition, wall magazine, educational tour, field trip, open book exam etc.

Departmental Activities -

During the Academic Period of 2021-22 the Department has organised a Students' Seminar titled *The Representation of Violence in Literature* (27th April 2022), and an *Open Book Contest* (18th May 2022). The department survives on a mutual sense of camaraderie between the teacher and the taught. Our department triumphed over the academic impediment induced by the pandemic with regular online classes, the steady posting of relevant study materials, lively discussions and interactive sessions between the students and faculty members. The department was not limiting its academic interactions with its students alone during the challenging period of 2020-2021; instead it sought to connect with their guardians, organising regular parent-teacher interactions.

Department of Geography

The Department of Geography endeavors to develop an inquiring mind, making learning a pleasure and prepare the students for academic or professional courses as well as confident enough to step into the professional world. In the department apart from the prescribed Calcutta University curriculum we also conduct seminars, quiz contests, field works, practical classes and many more innovative methods. The department offers 3 year Honours degree course and 3 year general degree course. Through the use of ICT along with field excursions to geographically significant locations, knowledge of both theoretical and practical skills is imparted. Majority of our students are employed in government as well as non-government sectors. Our department has a good faculty strength which enables us to focus individual attention to our students.

During the Academic period 2021-22, the Department of Geography has successfully arranged poster presentation, quiz contests, students' seminar, lectures on various important topics and open book examination. Even during the pandemic situation, the department has arranged online lecture series with speakers of national and international repute. All these activities prepare and encourage our students to engage themselves in innovative teaching-learning process.

Departmental Activities -

Our aim is not only better academic performance and placement of students, but also to create good human beings. The major events of this academic year are as follows:

The Department has organized a Wall Magazine for all the three semesters on 16th of March, 2022. This was a whole day program, involving all the teachers and students. The posters and presentations were judged by our Respected Principal Sir, Teacher in Charge as well as teachers from other departments. They have presented on various topics, which are pertaining to our syllabus as well as other topics like current affairs, scholarship, etc. All the students were awarded too.

The World Water Day was observed on 22nd March 2022 by organizing an awareness campaign through preparing of posters related to importance of conserving water. The students of 4th semester and 6th semester of the department prepared posters related to conservation of water.

A Quiz contest was held involving all the students of the department on 23rd March 2022. The quiz was based on the entire syllabus which helped the students to prepare for their curriculum. The students were divided into groups and prizes were distributed to the winners as a token of encouragement. In order to make learning a pleasurable experience these kind of quiz plays important role. All the students were awarded too.

A students' seminar was held on 13th April 2022 involving the 6th Semester students. The students were asked to make presentations on geographical school of thoughts. In this way, they were prepared for a topic from within their syllabus. For the students of 4th semester another seminar was organized on 27th April 2022. The theme of the seminar was Environmental Pollution which aimed to create awareness about the ill effects of pollution.

An open book examination for students of all semesters was organized on 18th May 2022. It was a very enriching experience for all the students as well as a preparatory session for them before their university

Department of History

The Department of History, Kishore Bharati Bhagini Nivedita College (Co-Ed.), is aware of the changing needs of education and the theory and practice of learning, keeping in mind the social, political and psychological development of learners. The department sets its learning goals governed by students' background knowledge, experience and environment. The department encourages a comparative study of ancient, medieval and modern India highlighting the diversity of India with its underlying unity. The study of human history across boundaries enables our students to understand, analyse and explain the world and its development through time.

The Department of History offers three-year Honours degree course and three-year General degree course engaged with choice based credit system (CBCS) under the University of Calcutta. Regular student evaluations are made on the basis of several assignments. The department organizes seminars, webinars, field trips, student and faculty exchange programmes and many co-curricular activities to enhance a student's vision for life.

The Department of History moves forward with the vision of creating citizens, noble in their thoughts, prudent in their actions, confident while facing adversities of life and aware of their rich and diverse history and cultural heritage to promote peace and harmony on the basis of a holistic approach to nature, society and social relationship.

Departmental Activities -

During the academic period 2021-22, the Department of History arranged several programmes in collaboration with IQAC. Open Book examinations, Quiz Competition, Field trip, Students' Seminar were conducted under the supervision of the faculty. A wall magazine was published on 22.4.2022 as a part of a pan-India celebration of the 75 years of India's Independence from the colonial rule.

Department of Philosophy

Philosophy is a branch of study which aims at holistic education. Holistic means total development, which includes physical, emotional, intellectual and spiritual. Philosophy explores the concepts of Values, Existence and Reality. It seeks to answer fundamental questions about mind, knowledge, reasoning and ethics. The philosophical theories act as guiding principles of behaviour. The theories are from orthodox traditional systems and heterodox modern systems covering both Indian philosophy and Western philosophy. Our department follows a pragmatic method of teaching which goes beyond typical classroom teaching to various intra and inter departmental activities which include arranging seminars by bringing experts from different walks of life as speakers, poster making competitions, cultural programs and educational tours. The study of philosophy helps to develop our inner qualities like kindness, sympathy, tolerance, humility and equanimity. In this way philosophy paves the way towards humanism.

Departmental Activities -

Keeping in mind the broad spectrum of the subject, the Department of Philosophy had organised several programs in the last academic year, 2021-2022, involving both students and teachers of not only our college but also from other colleges. These inter and intra college activities gave the students a broad academic exposure which would help them to grow both as a person and an academician.

The first program that the department of Philosophy arranged was an inter college quiz competition on Environmental Awareness. The competition was held on 19.07.2021 and since during that period all academic activities were conducted in online mode this competition had to be done in online mode. The program was successfully conducted, in which students not only from our college, but also students from other colleges, actively participated.

The second program that the department conducted was an international webinar on Theories of Truth and knowledge, sponsored by Indian Council of Philosophical Research. It was held on 29.01.2022. The eminent speakers of this webinar were:

Dr. Sirajul Islam, Professor, Viswa Bharati University

Dr. Jata Shankar, Professor, Allahabad University

Dr. Abdul Islam, Professor, Rajshahi University, Bangladesh

Dr. Ravi Medankar, President, World Buddhist Mission, Japan

Dr. Aditya Gupta, Professor, Delhi University

The department conducted a third program on 13.02.2022. It was an online inter college poster competition on the theme "Independent Indian; Fact or Myth". Students from various colleges actively participated in this competition.

The fourth program in which our department participated was an educational tour organised by the college on 05.03.2022. The venue for the tour was Indian Museum. In this tour students and teachers from the entire Arts faculty participated.

The fifth program that the department organised was a students' seminar on the topic "Peace, Not War". This seminar was held on 11.04.2022 in the smart room of our college. The seminar presentations by our departmental students were followed by a questionnaire session in which students from other departments actively participated.

The sixth and the final academic program conducted by our department on 08.05.2022 was an Open Book Exam where students from all the semesters participated. The examination was based on various topics from their syllabus.

Department of Political Science

The Department of Political Science in our college, offers both honours and general courses. We follow the Calcutta University curriculum and hence, have a balanced emphasis on theory and current affairs. Being the one of the most dynamic of all social sciences, our study pattern cannot strictly be book-oriented. We depend a lot on material especially, current material sourced from both the print and visual media. Students are taken out various field trips and educational excursions, both in and out of Kolkata. This department holds a lot of extracurricular activities to enhance interests amongst our students. We hold student seminars, quiz contests, open-book competitions, poster paintings, extempore, debates, both subject oriented and otherwise. Under the current circumstances we have also held various web-seminars in collaboration with partner colleges.

Our departmental student-teacher interactions go way beyond discussing curriculum, students are counselled if necessary, this goes on to build a deep familial bond, strong and empathetic.

Departmental Activities -

The department of Political Science in the academic session July, 2021 to June 2022 had a host of activities aiming at all rounded development of students of the department.

In order to widen ones horizon at the department, to give them a clear idea of what to expect after graduation from the college and to aid them at the process and make it easier for the students to understand the modus operandi of getting through to the various universities if the wanted to pursue the higher studies our department co-operated with the Political Science department of New Alipur College to participate in a Career-counselling Program organized by them where student speakers from various universities guided our students in an online meet. It was called the 'ROAD AHEAD' and took place on July 31st, 2021.

In collaboration with New Alipur College, with whom we have a Memorandum of Understanding, the Political Science departments as a part of Academic Exchange Program conducted Joint classes online where students of both colleges attended the classes scheduled together. A huge part of the syllabi was covered. Classes were scheduled from October 1st to October 9th, 2021 and there were a total of six classes taken.

On 15th February, 2022 the 6th Semester students of the department were taken on an excursion to Barisha Sabarna Roychowdhury house to attend an exhibition.

An educational excursion was organized on 5th March, 2022 by the college where the department of Political Science along with a few other departments took the students to Indian Museum.

In May 2022, there were a whole host of competitions for the students of all semesters of our department. Those included : Poster-making Competition, Open-book competition which took place in college premises and an Extempore competition and Student Seminar which happened online. The theme for all the competitions except open book was The Russo – Ukrainian war.

Department of Zoology

The inception of the Zoology Department took place in the year 2005. The vision of the department is to provide quality education that generates good citizen with academic excellence and strong commitment toward society. The faculty members constantly guide and motivate the students to make them better individuals and to face the challenges of the modern world. Apart from the laboratory facilities, the department has a well-equipped smart classroom for students. As a part of the C.B.C.S. system of the Calcutta University, academic field work and zoological excursion are conducted for the students. The locations are chosen wisely to give students an unparalleled hands-on learning experience. Visits to Apiculture and Sericulture farms are also organised to empower the students with entrepreneurial and industrial skills. The faculty members also motivate the students to carry out various environment and wildlife related project activities. The department organises seminars, workshops, invited lectures, photography contest etc. on regular basis. Experts from various research organisations, institutions, NGOs had delivered lectures in these programmes. The cumulative effort of the faculty members and students have resulted in maintaining a good academic record for last few years.

Departmental Activities -

The COVID-19 pandemic has impacted all parts of human society. During 2019-20, we had great concern over world's biodiversity, human health, job security and education system. The educational institutes had to rely mostly on online mode of education that might have affected the training and careers of field-based subjects like Zoology. However, during previous academic year majority of classes were arranged in offline mode. The normality of pre-COVID situation is slowly recurring. Regular theoretical and practical classes have started; this has enormous positive impact on applied science subjects. As part of the undergraduate syllabus, visits were made to Zoological Garden, Alipore, Kolkata to study behavioural pattern of captive animals. The Department also conducted a day-long tour to Indian Museum to study fossil specimens. Parent-Teacher meetings were conducted with students of every semester to discuss about their performance, weakness, areas of improved etc.

Department of Chemistry

The Department of Chemistry of Kishore Bharati Bhagini Nivedita College is one of the leading department in respect of its academic performance as well extracurricular activities. This department was established in the year 2003. The Chemistry Department besides prescribed syllabus also stress upon over all development of the students by encouraging them to join in various sports activities, sports events, Art competition, quiz competition, poster presentation etc.

Our aim is not only the better performance in academic results but our teachers inspire our students to target their achievement. To create a good human being is our main endeavour. Majority in numbers our students are employed in various Government and Non-Government jobs.

Besides having regular theory and practical classes, a diet survey was undertaken by the students of Semester VI.

The department organised a webinar in association with the NSS unit of KBBNC in July 2021: Immunophysiology of Sars CoV2 infection: an overview.

Department of Economics

The term "Economy" is derived from the Greek word "Oikonomia". 'Oikos' means household and 'nemein' means management. So the term "Oikonomia" means household management. Economics is nothing but management of the economy. It is the social science that deals with the production, distribution and consumption of goods and services. According to Jacob Viner "Economics is what economies do". Studying economics is important because it helps to understand that what is the driving force behind the different economic activities and how people in the society faced with different problems are making decision. This field is broadly broken down into: macroeconomics and microeconomics. Macroeconomics discusses the behaviour of the aggregate economy and Microeconomics concentrates on individual consumers and businesses.

Career & Placement

Career Counselling and Placement Cell is very active and very efficiently organizes and monitors the Career and Placement related matters of the student. The major activities of this Cell in this academic year are as follows:

- Infosys, a global leader in next-generation digital services and consulting has conducted an off-campus recruitment drive to hire B.Com., B.Sc. and BCA fresher's from 2019, 2020, 2021 and 2022 batch for Operations Executive role in our college.
- Career Counselling and Placement Cell have organized a camp of registering students under National Career Service for the outgoing batch of students. Almost all the students of 6th semester of our college of all the departments have enrolled themselves in this scheme, which will help them to get job related information in future.

Virtual Classroom

The letters hidden in the pages get living, vivid and multidimensional when they are presented through multiple sensory medium. To facilitate the audio visual method of teaching and learning the college provides a well-equipped virtual classroom where each subject is allotted required number of classes.

Internal Quality Assurance Cell

The Internal Quality Assurance Cell (IQAC) of Kishore Bharati Bhagini Nivedita College (Co-Ed) was constituted in the year 2011 and reconstituted in the year 2017 in order to maintain the quality and to meet the demand by the National Assessment and Accreditation Council.

National Service Scheme (NSS)

Our college has a unit of the National Service Scheme (NSS), which employ student volunteers in various community related programmes in and around college campus.

NSS unit of KBBNC has been organising various social awareness campaigns which includes programmes like blood donation camps, dengue awareness program, Swatchata Avijan as per instructions from Govt. of India. Besides this in coordination with the Dept. of Physiology of KBBNC, NSS has organized health check-up camps in the locality. NSS unit has future plans for continuing above programs and also including new programs like regular free health check-ups by eminent physicians of the city. NSS cordially invited all students for active participation and membership.

Programme Officer -

Smt. Piyalee Dash Sharma

NSS Activities -

The newly established NSS unit even during pandemic times organised one online and offline seminars the last two being on Yoga to celebrate World Yoga Day and on mental health of the staff working in college. The earlier webinar was also very successful and was on Immunophysiology of SARS Cov-2 virus, another very apt and timely effort by the unit. Beyond this the unit members helps in spreading social awareness, stays present during Republic Day flag hoisting, walks for cleanliness awareness etc.

National Cadet Corps (NCC) Unit of K.B.B.N.C.

Programme Officer -

Dr. Arpita Sengupta Sadhu

NCC Activities -

It is a pleasure to announce that the National Cadet Corps (NCC), 4 Bengal AIR SQN unit of Kishore Bharati Bhagini Nivedita College (Co-Ed.) has been functioning smoothly and has organised Republic Day celebration 2022 very efficiently. The cadets are undergoing training and 3 out of 15 have been granted rank.

NCC training helps to build up character and discipline in individuals and is beneficial for future job prospects.

NCC unit of KBBNC is presently accepting students for their enrollment to the NCC squad.

Anti-Sexual Harassment Committee

In our college, though the ICC Committee, judges the incidents of sexual harassment within the college campus, however, we also have an Anti-Sexual Harassment Committee.

The Committee often organizes awareness programs, seminars, dialogues and discussions with students etc. and reviews incidents of sexual harassment and refers them to the ICC, as needed.

Kanyashree Prakalpa

Kanyashree Prakalpa (KP), introduced by Government of West Bengal in 2012 is a unique Conditional Cash Transfer scheme which targets adolescent girls aged 13-19 years and offers a two-tier scholarship of an annual Rs. 500 for continuing education (K1) and a one-time payment of Rs. 25,000 on completion of 18, conditional upon the girl remaining unmarried AND continuing education till that age (K2).

The aim of this scheme is two-fold –

To promote secondary education among females, and

To stop marriage of girls before the official age of 18.

In our college all the female students who are eligible to enjoy this scholarship are supported with all official facilities and guidance so that they can avail it for higher education. **Even during this pandemic situation, we have co-ordinated with the DPMU and contacted our students both for document submission and physical verification so that they can get their scholarship money within the stipulated time.**

Students' Credit Card Scheme

The Higher Education Department, Government of West Bengal has introduced the Student Credit Card Scheme (SCCS) for the students of West Bengal to enable them to pursue education without having any financial constraints. A student from West Bengal can obtain a maximum loan of Rs. 10 lakhs @ 4% per annum simple interest from the State Cooperative Bank and its affiliated Central Cooperative Banks and District Central Cooperative Banks and Public/ Private Sector Banks. 1% interest concession will be provided to borrower if the interest is fully serviced during the study period. The upper age limit for the interested students has been kept as 40 (forty) years at the time of applying for loan. The repayment period shall be fifteen (15) years for any loan availed under this Credit Card including the Moratorium/repayment holiday. Our college also caters all this facilities of Students' Credit Card Scheme.

Other Scholarships

Our college also takes deep interest and supports the students so that they can receive various other scholarships for higher studies like SC/ST Scholarship, Swami Vivekananda Merit Cum Means Scholarship for Minorities, West Bengal. etc.

Eco-Club

The Eco-club of our college is formed in 2015 through which both the teachers and the students of our college participate together to can reach out, influence, engage our surrounding neighbourhood communities to promote sound environmental behaviour through meaningful environmental activities and projects.

The aim of Eco-Club is to motivate the students to keep their *surroundings and campus green and clean* by undertaking plantation of trees, Campaign against banned carry bags, use of loud speakers, banned fireworks, recycling and to promote the culture of conservation of electricity and water by minimizing its use through proper planning and awareness. Every year we also conduct *Eco-Audit* of our College.

Through this forum the students learn to live sustainably and explore environmental concepts and actions beyond the confines of their curriculum. Eco-club of our college organises various events throughout the year to spread awareness about the environment like *World Wetland Day, World Environment Day, International Day for Biological Diversity, Van Mahotsav, World Animal Day* etc. Every year our students also invite all the nearby schools and colleges as well as local residents to take part in this initiative. In this way our college teachers and students are collectively trying to reach out to a large number of locals and encouraging them to take part in these programmes.

This year, due to pandemic situation and partial opening of colleges, programs were conducted both in online and offline mode. They are as follows –

1. One Day State Level Webinar organized jointly by Eco-Club & IQA C entitled "Learn from Nature to Sustain in Future" on 17th July, 2021. The Resource Person of this webinar was Dr. Anirban Roy, Research Officer, West Bengal Biodiversity Board, Dept. of Environment, Govt. of West Bengal. All the Professors and students of our college as well as other colleges have attended this Webinar, which was a very knowledgeable experience.
2. Observation of World Water Day on 22nd March 2022, jointly organized by Eco-Club and Department of Geography. Mainly 6th and 4th semester students have participated by making posters and thereby creating awareness among all the students of our college.

Computer Literacy Cell

The vision is to enhance computer literacy through the use of computers with a range of skills covering levels from elementary use to upgraded courses with assistance from WEBEL. We aim to make our students technically upgraded and skilled in the domain of computer and related hardware. To provide technical support to the students so that they can achieve basic computer knowledge. The committee will look after the matter of the student's prospects in computer related jobs.

Identity Card

After admission every student will be provided with an Identity Card. Students must come to the college with their Identity Cards and must show the card at the main entrance of the college on demand, otherwise they will not be allowed to enter the college campus.

College Magazine

An annual student's magazine named 'Saranik' is published where students find the scope to express their writing skills and literary talent. Apart from this, Wall Magazine are arranged by various departments where students can give vent to their opinions on different themes and exhibit various artistic endowments.

Mock Parliament

The students of the college in collaboration with the department of political science participate every year in the district level mock parliament competition organized by the ministry of Parliamentary Affairs.

Parent-Teacher Meeting

In keeping with the academic rigors demanded by undergraduate education, all departments in the college conduct meetings between teachers and parents at periodic intervals. As per the institutional calendar, these parent-teacher meetings happen twice in the first year of admission – viz. after the college mid-term examinations and subsequently, following the publication of pre-university Test results.

The meetings are notified well in advance and are meant as deliberative spaces between all teachers in the department and guardians/parents of students. Not only do teachers discuss the individual performance of students and suggest means of improving the same, but the meetings are also intended to be a feedback mechanism through which the anxieties and concerns of students may be addressed. Also, through a periodic review of each student's academic progress over classroom exercises, class tests and college level examinations, the meetings are effectively a means of understanding the particular problem-areas of every individual student. In this, such spaces of interpersonal engagement and discussion can also become instruments of counselling students with regard to their future possibilities, strengths and focus. Since much suggestion is made in terms of general academic requirements for undergraduate study, the parent-teacher meetings in college are a platform for both one-to-one as well as collective mobilizations of student potential. Also, there are attempts to address the divergent social backgrounds of students through specific remedial arrangements with the college. Understandingly, the parent-teacher meeting has occasioned a lot of earnest engagement over time and thus translating into real improvement of students' performance.

College Canteen

A spacious canteen is run in the college campus to ensure the supply of nutritious and hygienic food at a subsidised rate to the students.

Open Book Exam.

Our college also organizes Open Book Exam. where students are allowed to bring notes, texts and/or other resources into the exam room. This tests the student's ability to analyse and find answers to difficult question and apply the information in solving the problems.

Excursion & Departmental Field Trips

The knowledge lasts longest and acquires greatest depth when it is acquired through joyful learning and ensures creative spontaneity. In order to meet the goal all the departments arrange for educational excursions for the students whether it is mandated the syllabi of university or not. The duration, kind and place vary according to the requirements of respective departments.

Geography and Zoology Departments organize field trips for a longer period of about a week, to fulfil their curricular obligations as per the requirement of the Calcutta University Syllabus. It helps in developing the student's on-field or practical knowledge about the subject. It also helps in scientific and methodical understanding of the various landform features and also in-depth knowledge about the flora and fauna.

Humanities Departments focus on inculcating curiosity, sympathy and appreciation for nature, historical/ archaeological sites, architectural wonders, cultural archives and other places to enliven book-bound learning.

Note: Amidst this COVID pandemic no field trips have been conducted during last academic session. All the images are from previous visits.

Annual Sports

The college hosts an Annual Sports Meet every year in the month of December. There are separate events conducted for female and male students respectively, and intitutional acknowledgements are in the form of awards and trophies. Apart from the Annual Sports Meet of the college, there is a round-the-year sports calendar that allows students to participate at different levels and platforms across the state. The college has its own Football and Cricket team (currently for men) which regularly participate and win laurels at the Inter-College sports Tournament organised by the University of Calcutta, Government of West Bengal (District Level) and the Kolkata Police. Furthermore, both male and female athletes from the college participate in these tournaments. Within the college premises, there are indoor gaming infrastructures that enable students to have a sigh of relief in the intervals between classes and curricular responsibilities.

Note: Amidst this COVID pandemic college Annual Sports was not organised during last academic session. These images are from sports events held before this pandemic.

Cultural Activities

The education space of our institution breathes in a gentle breeze of cultural activities. Despite the continuation of the COVID-induced lockdown during the initial part of the session, the annual calendar of the year 2021-2022 was marked bright with number of programmes celebrating various cultural events.

When the social distancing became the norm to safeguard the world against COVID, the students of the college took an admirable initiative to bridge the breach by the celebration of the festival of love and mutual trust - " Rakhi U tsab" . Maintaining the COVID norms, the U nion organised the event during the month of July, 2021 and extended the venture in and around the college and its surrounding neighbourhood.

Independence Day is also marked by performance of patriotic songs and dances by the students of various years who gather around early for the flag hoisting.

Saraswati Puja is one of the first occasion in a year which is celebrated with great pomp. The students show great initiative and manage most aspects like shopping, deciding on the theme for decoration, organizing the puja, which is normally shown in local as well as state level television channels. Moreover students also help with the organization of a grand feast for the students and the staff of the college on the occasion of the puja, one of the best of its kind in the locality, albeit under the guidance of the teachers.

The International Mother Language Day, which reminds us of the oath of preserving the right of every human being to affirm his/her linguistic identity achieved at the cost of blood of many, was celebrated with fervour on the twenty-first of February (2022) by the students, teachers and non-teaching staff of the college together along with cultural performances and an international webinar.

The colour of passion tinged the campus of the institutions once more in mid spring as the teachers and the students welcomed the festival of colour " Basanta U tsab" with their cultural performance.

Devotion to teaching and learning or participation in cultural extravaganza should in no way make us negligent about our commitment as global citizens, and this very consciousness helped the Anti Sexual-Harassment Cell and the Internal Complaint Committee to organize a seminar on eighth March, 2022, for observing the International Women's Day. The seminar was preceded by a thorough survey about the real-life condition both inside and outside the professional space of those women working in unorganized sector like local vegetable and fish markets. Both the students and the teachers exchanged their views, analysed data and tried to formulate better ways of conducting our duty to further the social commitment of our academic institution during this gathering.

The students' U nion celebrated the holy Iftar in this year too during the month of May. The evening party exuded joy, love and jubilation after the observance of constraint during the month of Ramadan.

Actually, we are bound by our commitment to uphold our richly multivariate cultural heritage and to further enrich it by embracing novelty and variety in its fold.
