REPORT OF

ALUMNI FEEDBACK

1. 131 students opined that they feel proud to be associated with the alumni of KBBNC while 5 students partly agreed and 2 disagreed with the same.
2. 121 students agreed that the institute organizes various kinds of activities for the overall development of students. 14 students partly agreed with the matter but 3 students disagreed.
3. 114 students felt that the institute handled the grievances of the students properly. 23 students partly agreed regarding the issue while 1 student felt the grievances were not properly handled.
4. When it came to the issue of the institute's laboratory infrastructure, 92 students felt that there were adequate laboratory equipment and library resources for practical experiments. 40 students partly agreed with it while 6 felt otherwise.
5. 93 students felt that the education imparted by the college was useful and relevant to their present job. 14 students felt otherwise while 31 students remained on the fence and selected the option 'maybe' from the questionnaire.
6. 91 students felt that they acquired sufficient technical knowledge in the college. 32 students opined that sometimes the technical knowledge acquired by them in the college was sufficient while 15 students said otherwise.
7. 68 among the alumni participating in the survey agreed that the institute provides good hospitality to students after passing out. 1 of them partly agreed and 69 students disagreed.
8. 120 students wanted to receive regular updates from the institute through mails/sms/calls/whatsapp but 18 students did not want the same.
9. 111 students felt that the faculty members were accessible to them. 22 students felt that sometimes they can get access to the faculty members and 5 students felt otherwise.
10. 67 students reported that they were provided with financial support or scholarship by the college. 22 students reported that the specific criterion was not applicable to them while 49 students said they were not provided the same.
11. A sizeable number of 80 students expressed their will to contribute to the development of the institute while 46 selected the option 'sometimes' and 12 students did not wish to do the same.
12. 92 students would like to join the Institute Alumni Association in future. 39 students were on the fence regarding the option while 7 students did not want to join the aforementioned association.

The survey proved to be a resounding success as a lot of students agreed with the positive options provided in the questionnaire. Some students did opine otherwise and it leaves food for thought in the decision-making process of the faculty going forward as any faculty should in the pursuit of improving themselves.
