148, Ramakrishna Sarani, Behala, Kolkata-700060.

ESTD-2001

Website:www.kbbnc.ac.in

EmailId:kbbncollege@gmail.com

Undertaking

16th August 2024

This is to certify that a regular and effective feedback system is functional in Kishore Bharati Bhagini Nivedita College (Co-ed). Feedback is collected in both Offline and online form from all stakeholders such as, students, alumni, teachers and guardians and is placed to suitable forums.

Following a participatory hierarchical managerial administrative system, students' feedbacks are collected primarily by the teachers of respective departments and other of other departments and the students' union as well. After a careful examination of the issues, they are forwarded to various sub-committees like "Students' Welfare Sub-Committee", "Disciplinary Sub-Committee", "Anti-sexual Harassment Cell", "Grievance Redressal Cell", "Internal Complaint Cell" and other forums responsible for addressing the issue. Finally, the issue is placed before the principal either by the sub-ordinate forum or by the incumbent/s who enjoy an easy access to the authority and, the principal, after examining the matter minutely, evolves necessary measures.

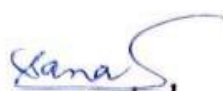

The alumni play an important role in suggesting measures for the betterment of the institution. Their post-college experience in various higher education institutes and work place enlarge their vision and they share the newly formed opinions and advices with teachers through written feedback forms, during conversation over phone or direct interaction and of course during the reunions. The suggestions are discussed in "Teachers' Council" and other forums and actions are taken by the principal to make the feasible proposals functional.

Frequent parent-teacher meetings are arranged on departmental level to establish necessary communication with guardians which help to understand the specific need of each student individually. Feedbacks from the guardians not only help the institution gather thorough knowledge about the social milieu of a particular student, but also prove effective to acquire different perspective of analysing the challenges, opportunities and areas of improvement of the college. The suggestions are worked upon by the principal and the IQAC with the help of concerned bodies.

Feedback from the teaching community exerts a major impact on the evaluation and improvisation of the teaching-learning process. The individual feedback (Offline and Online) apart, various sub-committees conduct regular meetings and table issues related to the welfare of the LMS, the students, the teachers and the institution as a whole. The discussion is followed by needful measures taken up by the administrative authority.

However, the issues that are outside the scope of the jurisdiction of the college administration, are reported to the higher authority, Issues related to curriculum are forwarded to the Board of Studies of respective subjects/departments by the teachers during several meetings organized by the BOS or through Email so that the suggestions are taken into account by them during framing or revising the curriculum. In the same manner, issues related to waste management are placed before KMC, issues related to infrastructural extension to the PWD and like.

The administrative mechanism thus works incessantly to gather information and suggestions as well as to gear up all its available machineries to do justice to those issues.
