Parent-Teacher Meetings (PTMs) are conducted by the Department of Geography at Kishore Bharati Bhagini Nivedita College for undergraduate students to foster collaboration between the institution, students, and their families. The primary reasons for conducting these meetings include:

1. **Academic Progress Monitoring:** PTMs provide an opportunity to discuss the academic performance, progress, and areas of improvement for students. Parents are made aware of their child's strengths and challenges, enabling them to support their learning journey effectively.
2. **Feedback and Guidance:** Teachers offer feedback on the students' attendance, participation, assignments, and overall engagement in class. This helps parents understand their ward's dedication to the course and receive guidance on how to address any gaps.
3. **Strengthening Communication:** The meetings strengthen communication between the department and parents, ensuring that both parties are aligned in their goals for the students' holistic development.
4. **Career and Skill Development Insights:** The Department of Geography may share information about career opportunities, internships, skill-building workshops, and future educational prospects, helping parents and students make informed decisions.
5. **Addressing Individual Concerns:** PTMs provide a platform for discussing specific concerns related to a student's academic, personal, or social challenges, enabling faculty to offer tailored advice and support.
6. **Reinforcing College Policies and Expectations:** Faculty members can explain college policies, expectations, and upcoming activities or events, ensuring parents are well-informed about the academic calendar and co-curricular opportunities.
7. **Encouraging Parental Involvement:** Active parental involvement in a student's academic life has been shown to improve motivation and performance. PTMs encourage parents to play an active role in their child's education.

By organizing these meetings, the Department of Geography ensures a collaborative and supportive environment that contributes to the academic and personal growth of its students.
